# 4 November 2026 — Daily Current Affairs

Selected government announcements for revision. Figures and programme periods are reproduced as stated in the source summary.

Energy & Economy

## ₹14,500 crore VGF scheme for grid-scale energy storage

The Union Cabinet approved a Viability Gap Funding (VGF) scheme with an outlay of **₹14,500 crore** to support the development of 92 GWh of grid-scale energy storage systems. Large-scale storage can help integrate renewable energy and improve electricity grid management. VGF is financial support intended to make socially or economically useful but financially challenging projects viable.

**Exam relevance:** Energy storage, solar and wind integration, grid stability and public financial support.
